We recently worked with Kim for both the sale of our existing home and the purchase of our new home. Kim did a fantastic job with both transactions. We encountered a few issues at closing for the new property, and Kim swiftly addressed them and helped us secure an agreeable outcome. Despite the market volatility, she was able to generate a lot of buzz for our new home sale, helping us secure an offer significantly above our asking price. Most importantly, Kim has been kind and responsive throughout the process, providing ongoing guidance. We've been impressed with her professionalism, and offer her our highest recommendation.

My husband and I recently purchased our first home.

Missy Feight was our realtor.

She goes ABOVE AND BEYOND!

We put an offer in, the sellers were not accepting FHA, Missy worked her magic, and we were under contract a day later .

She was with us step by step through the entire mortgage process.

After just having a horrible experience with another group and mortgage lender, Missy made sure we were 100% informed 100% of the time.

We highly recommend Missy and her team when you're looking to buy or sell your home.

Thank you so much Missy! You are AMAZING.

We cannot say enough great things about Kim! She was our real estate agent with both buying our new home and selling our old one and her guidance was on point throughout this very complex process in which we were quite inexperienced. Kim was patient with us in our search for the perfect home and remained positive and encouraging along our journey. We highly recommend Kim Berret as your excellent real estate agent that will meet all your needs!

As the parent of a first time home buyer, you have many concerns about the entire buying process, especially in today's seller's market. In our case we were fortunate enough to have found Missy Feight. Missy proved to be fantastic! She was extremely helpful through the entire process and made the process way less stressful and manageable. Her real estate knowledge, experience, attitude, personality, ever-constant availability, and network of resources made us very comfortable and feeling like we were in very good hands from start to finish. Missy is especially adept at bringing solutions to challenging and difficult

situations. I have to think no closing goes without some type of hiccup and she handles those well. Again, as the parent, she was more than willing to include us in the communications, phone calls, showings, etc. That was appreciated.

I would highly recommend Missy and would gladly turn to her in future real estate transactions. Thank you Missy!

Colleen is one of the most thorough people I know! She helped my fiance and I buy our first home in Phoenixville PA. We never thought it would happen, especially as fast as it did, but Colleen was present every step of the way. A real go getter and hard worker with the biggest smile! She thrives on helping people get what they want in their home. Shes incredible!!

We were so lucky to have worked with Colleen at Berret/Feight KW while finding our home! Colleen was so reassuring every step of the way and kept us informed as the market continuously changed. Her upbeat personality clearly left an impression on everyone she's worked with in the industry and we were consistently told by other professionals (inspectors, insurance agents, etc.) how lucky we were to have her...they were not wrong! Colleen got to know our family throughout this process and was able to help guide us to our dream home!

Positive: Professionalism, Responsiveness

I just want to thank Colleen and Missy so much. My first home buying experience was a breeeeze with them by my side. They were in contact with me every single day, through the home finding, all the way until settlement. I was nervous because I was using a VA loan, and our house we were trying to buy wasn't as expensive as other homes on the market, so I was initially hesitant on the level of service I would be receiving. Luckily, these two took care of me the same as if I were any other buyer, and I truly thank them for helping me provide a home for my family.

Thank You Missy Feight and Travis Houck for your assistance in helping my wife and I find our very first home! As first time homebuyers during a Sellers Market, we have had our share of concerns. BUT, having

Missy and Travis at our side and being more than willing and able to get us to the showings/open houses ASAP and at our convenience was Paramount! We found our first home and it's just what we've been saving and looking for! Travis Houck worked with us to draw up the offer, answered all our questions and was very professional and was able to ease our concerns during a relatively stressful process up to closing. Travis even reached out to us after closing to make sure we were able to settle in to our new home comfortably! I highly recommend Travis and Missy for all your Realty needs hands down! Thanks again, from my wife and I

Working with Kim was an absolute pleasure. She is incredibly knowledgeable about every facet of the home selling process, and she goes above and beyond to help her clients. She has a wonderful network that helped us every step of the way. If I could clone Kim to be my agent everywhere I would, she's just that good.

I have worked with and alongside the Berret/Feight Sales Team in a couple different settings; at their many community events they have organized and also as part of their Team as a preferred lender for a home buyer. I have always been impressed by their professionalism and willingness to put their clients best interest first every time. I highly recommend the Berret/Feight Sales Team for all of your real estate needs.
